Biomedical Research Helps People and Animals

Mouse
- Cancer
- Addiction
- Genetics
- Transplantation
- Vaccines

Fish
- Diabetes
- Blood cell research
- Genetics

Monkey
- Parkinson’s Disease
- Measles
- HIV/AIDS
- Malaria vaccine research
- Hepatitis

Rabbit
- Rabies vaccine
- Emphysema
- Ear infections
- Rabbit snuffles vaccine
- Skin disorders

Fruit Fly
- Genetics
- Neurodegeneration
- Cancer

Ferret
- Canine distemper
- Influenza

Pig
- Skin grafts
- Atherosclerosis
- Pig foot & mouth disease
- Heart transplants
